Spring Newsletter

2

Oki!

From Darrell and Angelika at the Lodgepole Gallery and Tipi Village in Browning, Montana. Since our last newsletter in November the weather has been snowing, then warming then snowing again. However, signs of spring are beginning to show. We have seen some gophers venture out as well as have sited some geese and more birds are appearing. The weather is warming, and we are looking forward to spring.

The tourist season is shaping up well with many especially international bookings and we are optimistic. Angelika has been working on our webpage and launched the new upgraded German pages. She continues working on our *online booking engine* for the tipi-camp, which will allow you to check availability and book your tipi directly online. We hope it will be up and running in two weeks latest. Following she will update and improve the gallery web pages.

After the Art Shows

After the art show Darrell will fly to Denver to attend a meeting of the First Peoples Fund. He is a second time recipient of the *Artist in Business Leadership Award* from that organization. The funds will be used to make 3 six foot spirit sculptures of welded steel. These sculptures will be placed near the entrance to our business. It is an honor to receive the award and an exciting project.

In April Angelika will participate in an *Arts Marketing* program by the Montana Arts Council in Missoula.

Thanks for your past support and we are looking forward to seeing you this summer here the Lodgepole Gallery & Tipi Village
